

Meet the Candidates

Candidates and incumbents from all parties running for office in West Virginia will speak for 3-5 minutes to introduce themselves and their platform to the students.

Audience members will engage in one on one conversation with the candidates about the issues that matter to them as students and as citizens.

Political parties will be present seeking volunteers to help with campaigns and suggestions for how students can participate in the democratic process.

The League of Women Voters will also be on hand registering students to vote and explaining the electoral process.
