The League of Women Voters of West Virginia:

- *Supports strengthening West Virginia's water quality to reflect EPA recommended human health criteria as well as measures that will give more West Virginians access to water service that meets these standards.*
- *Supports strengthening disclosure requirements for the sources of political campaign expenditures, including dark money.*
- *Supports establishment of an independent commission to draw up redistricting plans for representatives to the US House of Representatives and the WV Legislature.*
- *Supports measures that encourage investment in renewable energy and energy efficiency in West Virginia's homes, non-profits, businesses, and industries.*
- *Supports maintaining expanded Medicaid coverage for the hundreds of thousands of West Virginians who rely on it for health care.*
- *Supports measures that will assure that all West Virginia children have access to adequate nutrition in their homes and schools.*

The League of Women Voters supports measures to eliminate discrimination and to ensure **equality of opportunity for education, employment, and housing for all West Virginians regardless of their race, color, gender, religion, national origin, age, sexual orientation, or disability.** In keeping with its goal of encouraging participation by citizens in their government, the League will continue to monitor election laws and oppose measures which limit access to voting.

Our members will be following action on these and other issues during the 2020 session. We appreciate your willingness to undertake public service and work toward our shared goal of creating a better West Virginia for all of its citizens.

Sincerely,
